

Bradford Beacon's Weekly News

Welcome to our Weekly News.

What a difference the Sunshine makes! It has been a glorious end to the week where the children have been able to participate in a lot more learning outdoors. We have been experimenting with different ways to make marks, hot and cold water and exploring what textures we like and don't like.

Bradford Beacon's Star ★

Harry – Harry has really enjoyed his learning this week and has made a lot of progress with his mark-making. Well done Harry!

Our Learning

Clinical Team update

This week, the clinical team have spent lots of time in the classrooms.

It's been great to see all the communication happening between children and adults.

We work with the staff to ensure that children have as many opportunities to communicate their wants and needs as possible during their day.

This might be asking for their snack or letting staff know what they want for lunch. It might be making a choice between two items or activities at play time or engaging in intensive interaction in the classroom.

We value all communication and make sure that the children feel heard regardless of what method of communication they use.

Have a lovely weekend – enjoy the sunshine!
